16 September 2015

**Loscam Pooling Solutions Showcased at Intelligent Warehouse Thailand 2015**

Loscam, Asia Pacific's leading pallet pooling service provider, partnered with the leading industry players in South East Asia Region, participated in Intelligent Warehouse Exhibition 2015 in Thailand on 26 – 28 August 2015. At the exhibition, Loscam exhibited its wide range of pooling solutions and products, including ECR wooden pallets, hygiene plastic pallets, pallet cages, plastic crates and intermediate bulk containers (IBC).

Intelligent Warehouse Exhibition 2015 is the first of its kind ever co-organized by the leading intralogistics industry players in Thailand, aiming to demonstrate to the market the integrated and intelligent power of the latest technology, hardware and software for the modern warehouse management. This warehouse intelligence-oriented exhibition is a great success as it purposely adheres to the needs of stakeholders of the modern warehouse industry especially the users. The highlight of the exhibition is the live demonstration of how a modern and intelligent warehouse is comprised of and operates, with Loscam pallets as the indispensable components.

Loscam pallet pooling solutions are among the most significant parts of the modern and intelligent warehouse management, ensuring high integrity and efficiency of goods movement along the supply chains. Ever since its inception in 1995, Loscam (Thailand) Ltd has been dedicated to providing quality pooling services and products to Thailand market, and is today the leading pallet pooling service provider in Thailand and a driver of pallet pooling across South East Asia. In April this year, Loscam (Thailand) Ltd completed the construction of a new Super Depot in Wang Noi Ayutthaya, demonstrating Loscam's commitment to continuous improvement in quality and services.

At this Intelligent Warehouse, in addition to the exhibition of its competitive ECR wooden pallets and other new products, Loscam (Thailand) Ltd also conducted a pallet pooling seminar that was well attended by an enthusiastic industry audience. They were highly encouraged by Loscam's success in creating value to Thailand supply chain management and logistics industry through pallet pooling.
